VisionREZ Named 2010 Constructech Residential Top Product

[ShareThis](#) | [Respond to Editor](#) | [Print](#)

Comtex

ALLEN, Texas, Jan 29, 2010 /PRNewswire via COMTEX/ ---- VisionREZ by Ameri-CAD, Inc. -- An ITW Company, has been named a 2010 Constructech Top Products award winner as a residential trusted product. The Constructech Top Products honor technology solutions geared toward the homebuilding market.

Winning products are selected by the Constructech editorial team and are chosen for innovation and successful results in the marketplace. These products are selected based on the product's description, the overall usefulness and uniqueness of the product to the construction industry, and the customer growth rate for the particular product throughout the past few years.

"As homebuilders continue to look for the right solutions, the winning 2010 Constructech Top Products are bringing strong options to the marketplace," says Mike Carrozzo, chief editor of Constructech magazine. "In 2010, we can expect to see BIM, Web 2.0 technologies, and green initiatives, among others, move to the forefront of construction technology trends. Those companies who provide this year's winning products recognize the evolving focus of the homebuilder, and continue to find ways to offer the solutions they are seeking."

"Ameri-CAD is honored that VisionREZ was selected by Constructech as a Top Product winner in 2009 and again in 2010 as a residential trusted product," said Jay Moore, Ameri-CAD [Business](#) Development Manager, "VisionREZ creates value for the architecture to manufacturing product development cycle through the efficient application of Building Information Modeling (BIM) and digital DNA linking technology. Powered by Autodesk Technology, VisionREZ enables the residential industry to accomplish more with less effort and resources."

"The 2010 Constructech Top Products winners are fighting to stay on the cutting edge of the solutions available in the construction industry, and should be proud of what they have accomplished," says Peggy Smedley, editorial director of Constructech. "Today's technology marketplace, throughout every industry, is a rapidly changing environment. The solution [providers](#) who embrace that change will continue in their success."

Be sure to pick up the February issue of Constructech Residential to learn more about the residential winners of the Constructech Top Products Awards. Also, don't miss the March issue of Constructech Commercial, featuring the winners in the commercial sector. To order a copy of either the February or March issues of Constructech, please contact Dawn Cassata at dcassata@constructech.com.

About Constructech Residential

From the perspective of the homebuilder, Constructech Residential magazine uncovers the necessary tools to increase productivity and profitability and reveals the value of information technology tools and bidding control automation.
